

Global Process Architect - Global Business Services (m/f/diverse) - REF80599N

工作职责

We are seeking a visionary Global Process Architect to join our Global Business Services (GBS) team. In this pivotal role, you will be responsible for leading, designing and optimizing processes across the areas of Finance, Procurement, Supply Chain Management (SCM) and Sales within ContiTech. You will functionally lead the related workstreams within our global organization, overseeing approximately 200 team members. As a key member of our management team, you will drive efficiency, growth, and operational excellence for our locations worldwide.

关于我们

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

Guided by the vision of being the customer's first choice for material-driven solutions, the ContiTech group sector focuses on development competence and material expertise for products and systems made of rubber, plastics, metal, and fabrics. These can also be equipped with electronic components in order to optimize them functionally for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction, and surfaces. In addition, ContiTech serves the automotive and transportation industries as well as rail transport.
