

Tax Accountant (m/f/d) - REF80628R

Your tasks

We are looking for you as a Tax Accountant (m/f/diverse) for our Automotive division in Frankfurt am Main.

These tasks await you:

- Analysis and controlling of tax-relevant key figures in the ongoing reporting of the Group companies
- Assessment and recording of Group-wide issues in the tax reporting tool
- Collaboration in the automation of analyses and reports, as well as the further development of Group tax reporting
- Support of Group companies in reporting and accounting matters
- Continuous adaptation of accounting standards in accordance with legal regulations and internal standards
- Collaboration in projects

Your profile

The ideal candidate (m/f/diverse) will possess the following qualifications:

- Completed degree in economics (University of Applied Sciences/university) with a focus on finance and accounting
- Initial professional experience at an auditing firm or in the finance and accounting department of an industrial company
- Very good knowledge of (international) tax law and IFRS
- Very good computer skills (MS Office and SAP/R3)
- Very good written and spoken English and German required; another foreign language desirable
- Good analytical and conceptual skills, good interpersonal and communication skills
- High level of commitment and self-motivation
- Ability to work in a team and flexibility

Applications from severely handicapped people are welcome.

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The Automotive group sector comprises technologies for passive safety, brake, chassis, motion and motion control systems. Innovative solutions for assisted and automated driving, display and operating technologies, as well as audio and camera solutions for the vehicle interior, are also part of the portfolio, as is intelligent information and communication technology for the mobility services of fleet operators and commercial vehicle manufacturers. Comprehensive activities relating to connectivity technologies, vehicle electronics and high-performance computers round off the range of products and services.
