

Raw Material Expert (m/f/diverse) Original Equipment Solution - REF81622E

Descrição da função

The Business Area Original Equipment Solutions develops and manufactures products for the Automobile industry. Our product portfolio varies from engine mounting to fluid transporting and also sealing systems. The Material Platform Development is looking for a raw material expert, who will be technically responsible for certain groups of compounding raw materials of OESL.

The main tasks within this area of responsibility include:

- Responsibility and technical expert for raw materials in rubber compounds within our organization as an automotive supplier
- Technical contact for purchasing, supplier development, quality management and supply chain management as well as suppliers for chemical raw materials topics
- Negotiating and establishing specifications for chemical raw materials with external and internal suppliers
- Monitoring of OESL material releases and proactive controlling of these raw material groups
- Management of projects or task forces in the area of chemical raw materials (assistance with troubleshooting and complaints)
- Define key properties for raw materials and analytical measures
- Development, finding and evaluation of new / alternative raw materials or new suppliers for existing raw materials together with Purchasing, Supplier Quality Management and other R&D functions
- Definition and execution of raw materials and supplier strategy together with Purchasing, R&D management and Quality
- Interface for hazardous substance management and development of sustainable raw materials

Requisitos

- Master degree in Rubber/Polymer technology, Chemistry, Material engineering or similar
- Several years of experience in development of rubber, plastics or similar
- Expertise in chemical analysis of materials
- Experience in automotive industry appreciated
- Project Management knowhow (advanced)
- High social and intercultural competence
- High level of English and German language skills (written and spoken)

Applications from severely handicapped people are welcome.
