

IT Data Platform Operator (m/f/d) BA OESL

Ihre Aufgaben

Data Platforms

- Design, implement and manage OESL's data platforms to ensure a stable, secure and sustainable foundation for all data driven applications and reporting use cases.
- Be a part of OESL's data strategy, striking the perfect balance between cost, flexibility, performance, and innovation.
- Lead the evaluation, selection, and seamless integration of cutting-edge data warehousing technologies, tools, and services.

Implementation and Optimization

- Deploy and manage data platforms (e.g. SAP BW, Power BI, Databricks) based on industry best practices to ensure performance and availability targets are met.
- Continuously enhance data processing capabilities by optimizing performance, reducing costs, and strengthening security measures.

Governance and Compliance

- Ensure platform setups adhere to regulatory requirements and security standards such as ISO and GDPR.
- Implement and enforce governance frameworks for cloud resources, emphasizing data privacy, access control, and compliance.

Collaboration and Stakeholder Engagement

- Partner with cross-functional technical leaders to align data strategies with business objectives.
- Collaborate with DevOps, Security, and Infrastructure teams to drive seamless adoption and integration of cloud services across OESL.
- Maintain strong relationships with external service providers, staying ahead of emerging trends and technologies.

Ihr Profil

Qualifications

We're seeking a skilled **Data Platform Operator** to design, implement and maintain our Data Platforms. Key skills and expertise include:

- **Data Platforms:** Experience with design, implementation and management of business warehouses or reporting platforms. Preferably, based on SAP BW, Databricks or Power BI.
- **Data Driven Applications:** Experience with design, setup and operation of data integration workflows, ETL processes across multiple systems or reporting (e.g. based on Power BI)
- **Data Governance & Security:** Familiarity with central regulations (e.g. GDPR) and common data governance approaches.

Über uns

Continental develops pioneering technologies and services for

sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.

OESL – Original Equipment Solutions, For Future Mobility.

Are you ready to move Forward Together with a global, dedicated, and experienced team?

Join us and take the opportunity to contribute to our future in the fundamentally changing automotive industry with your new role in the stand-alone Business Area Original Equipment Solutions. Your new place to work is flexible and will be defined later (hybrid).

About Original Equipment Solutions:

With more than 17.000 employees and around 2bn€ sales, present in 15 countries with 35 locations and tech centers – OESL is a global player in the automotive sector with extended material competence in rubber, plastic, and metal, serving all major OEM's and commercial vehicle customers' needs with millions of parts in high quality.
