

OESL IT Data Analyst (m/f/d) BA OESL

Your tasks

Data Driven Applications

- Design, implement and maintain data products based on business requirements.
- Apply domain specific knowledge to derive business insights from data.
- Be a part of OESL's data strategy, supporting our business and IT stakeholders in gaining data driven insights.
- Work with cutting-edge data warehousing technologies, tools, and services to shape the future of OESL's data driven decision making capabilities.

Implementation and Optimization

- Implement and maintain IT-managed reporting use cases end-to-end (from data curation to report creation).
- Continuously support business and IT stakeholders in gaining data driven insights.
- Act as a trusted advisor supporting users of our data products with your expertise.

Governance and Compliance

- Ensure data usage is compliant and in line with relevant policies and regulations (e.g. GDPR)

Collaboration and Stakeholder Engagement

- Collaborate with business and IT stakeholders to foster strong partnerships in the domain of data warehousing and reporting.

Your profile

We're seeking a skilled **Data Analyst** to implement and maintain our Data Driven Applications and Data Products. Key skills and expertise include:

- **Data Analysis:** Highly motivated to understand data from different sources and domains, work on harmonization and common reporting strategies.
- **Communication:** Benefit from your strong communication skills and collaborative attitude when working in cross-functional teams.
- **Data Driven Applications:** Experience with design, setup and operation of reporting use-cases (e.g. based on Power BI) or data processing pipelines.
- **Data Governance & Security:** Familiarity with central regulations (e.g. GDPR) and common data governance approaches.
- **Agile and DevOps:** Knowledge of collaborative workflows and modern deployment practices.

Applications from severely handicapped people are welcome.

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new

business opportunities by combining various materials with electronic components and individual services.
