## 关于我们

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

ContiTech Vibration Control Slovakia s.r.o. focuses on the production of bushings (silent blocks) and seals for the automotive and general industry.

In three production halls covering an area of 31,000 m<sup>2</sup>, we manufacture more than 1,600 products on 200 machines. Our extensive product portfolio includes rubber, rubber-metal, and rubber-plastic components designed to reduce the transmission of vibrations and for sound insulation.

We supply our products to over 150 customers worldwide, including well-known names such as BMW, AUDI, MERCEDES, VOLVO, STELLANTIS, FORD, as well as PORSCHE, BENTLEY, and LAMBORGHINI.

Thanks to investments in research and development, our company creates innovative solutions for the future of mobility. Our products can already be found in both passenger and commercial electric vehicles. Environmental protection and sustainability are very important to us – our recycling rate already exceeds 80%.

More than 580 colleagues work at our Dolné Vestenice plant, and we take good care of them through motivating rewards, attractive benefits, and a rich social program.

Experienced professionals and recent graduates can find opportunities in many areas.
