

ISMS Specialist

Vaše náplň práce

You really want to shape big things? Here you are - be part of ContiTechs central Cybersecurity team where you have the chance to influence our ISMS. In this role you

- Maintain and further develop ContiTechs existing ISMS
- Ensure compliance with the relevant frameworks
- Adjust the ISMS to internal requirements
- Design, develop and implement the topic of 3rd party information security management
- Select an external vendor that helps supporting ISMS operations
- Plan and conduct internal assessments to measure the effectiveness of the ISMS
- Identify non-conformities and initiate mitigation or remediation measures in alignment with the organization
- Structure and organize collaboration throughout various information security stakeholders
- Support 2nd line of defense reporting to build the basis for management decisions
- Support the creation of training to positively shape ContiTechs security awareness and culture
- Support the preparation of internal and external audits

If the key words Risk appetite, ISMS, PDCA and ISO27001 are familiar to you and you have the strong belief that Information Security is a business enabler, we are looking forward to your application!

Váš profil

- Academic degree in computer science or similar
- Several years experience in the Governance area of Cybersecurity, Cybersecurity itself, Architecture and Processes
- Knowledge about ISMS processes and operations
- Understanding of business processes
- Knowledge in Cybersecurity relevant industry standards such as ISO27000 family, NIS2, TISAX
- Project Management skills, strong analytical and thinking and presentation skills
- Business fluent English language skills (written and spoken)
- Interpersonal and intercultural skills to work with different stakeholders
- Good (self-)organizational skill
- Willingness to travel from time to time

Maybe you've read the above and can see you have some transferable skills, even though they don't quite match all the points. If you think you can bring something to the team, we still encourage you to apply.
