A propos de nous

State-of-the-art technologies and production of the highly developed automotive electronics in the heart of Lithuania. After starting our production in Lithuania in 2019, we are manufacturing electronic components and sensors designed to increase car comfort, safety, and autonomous driving functions for the biggest car brand names. Product portfolio includes seat, light, intelligent glass control units, long range radars, automated driving control units and others. Currently, Continental location in Kaunas is one of the most modern manufacturing companies in Lithuania, operated to the highest level of comfort and
