

Warehouse Coordinator - Greenfield

담당 업무

The purpose of this position is to establish, implement and control processes for all warehouse functions and activities in accordance with Continental guidelines. The role includes leading optimization projects of existing warehousing processes, planning and developing new procedures, performing regular inventory taking activities and monitoring inventory age and structure. Additionally, the position involves, coordinating with service providers and overseeing safe material handling activities, while maintaining a clean and organized workspace as well as supporting plant and BA KPIs.

- Supports order management and customer service with paperwork and any additional communication as it relates to deliveries and shipments.
- Plan and implement the plant's logistic concept according to production control plan, layout and standards.
- Work with Scheduling, Production and Quality to ensure we are receiving accurate communication to ensure on time delivery.
- Use communication channels to alert team members of potential issues/ concerns.
- Schedule and maintain clear open line of communication with Operations and other internal customers.
- Oversee Material Handlers daily tasks.
- Constantly review open orders, order status and stock items to ensure goods are shipping on time and not holding unnecessary stock.
- Provides daily, weekly and monthly reports as required.
- Attend weekly, monthly, and supply chain meetings as needed and required.
- Ensure accurate and correct processes are followed for shipping and receiving.
- Manages all inbound, outbound and material handling (from warehouse to production) operations.
- Responsible for use, execution and implementation of SAP WM, MM and SD within WH team.
- Inventory control including but not limited to cycle & annual stock taking (definition, planning & execution). Inventory adjustments with root cause analysis.
- Material movement from warehouse o production.
- Ensure proper FIFO.
- Ensures materials are correctly assigned to bins/slots and pu away correctly.
