

Manager Green Taxes & Global Customs

Vaše náplň práce

Join our team as a Manager Green Taxes and Global Customs at Group Sector ContiTech!

In this role you will take over responsibility for common understood Global Customs and Green Taxes Strategy at ContiTech worldwide. Together with the Global Customs Head and regional leaders you will take care to determine the strategy for Foreign Trade, which is aligned with the ContiTech business strategy to ensure Customs Compliance, Performance, Customer Centricity and Business Value. Therefore you will take over responsibility to determine the strategy, align roadmap and milestones and track its implementation worldwide.

Moreover you will act as a sparring-partner for the regions to challenge them and to ensure all existing customs opportunities for creating a real worldwide value add with the Customs.

Apart from ensuring Global Customs Compliance while generating business value, we are on a mission to safely guide Sustainable Practices within the scope of European Taxation, navigating through complex regulations such as CBAM, the Plastic Packaging Tax and more.

In this field, we're seeking a dedicated individual to help us translate these regulations from theory to practice and to define their implementation across our European entities and locations. You will work in this role with our strategic business partner but also with German and European Authorities and help ContiTech to navigate the implementation.

Your Role:

- Understand and translate new regulations in the area of ESG (Environmental, Social and Governance whenever there is a link to Customs) (...) from a central perspective into actionable strategies, spanning a wide variety of materials and business areas.
- Working with German and European Customs and Environmental Authorities as well with our third party partner and ensuring the navigation of the whole Green responsibility
- Working on strategic projects and initiatives in terms of Global Customs and helping senior management to navigate Global Customs: Strategy, Governance, Compliance and Business Value.
- Functional leadership of the global data manager and regional teams towards implementation of the strategy
- Develop guidelines and processes to ensure compliance with growing regulatory requirements.

O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2021, Continental generated sales of €33.8 billion and currently

employs more than 190,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.
