HOW YOU WILL MAKE AN IMPACT

SG 11

This is an open position and the use of AI is not used in the selection process. The starting salary for this opportunity ranges from \$88,000 to \$100,000 depending upon experience.

The Sales Operations Lead will be the main point of contact for all sales operations activities and driver of operational excellence and enhanced customer centric focus processes within the sales team.

The successful candidate will be responsible for development and execution of actionable recommendations to meet strategic business objectives and customer requirements. Analyzing sales data to identify areas of improvement and recommend strategies for optimizing sales processes, platforms, and procedures.

The position will drive and support key sales projects and initiatives involving cross functional areas of the business. Creating and maintaining accurate and up-to-date sales data and reports on a regular basis.

Duties & Responsibilities

- Analyze sales data to identify areas of improvement and executes strategies for optimizing sales processes, platforms and procedures.
- Support the PLT (Passenger 7 Light Truck) & TT (Truck Tire) sales teams by creating and managing CRM/Power BI with process improvement, measurement, tracking and analytics relevant to their functional areas.
- Participate/lead key sales projects aimed at improving sales and operational efficiencies and support account creation/EDI connections.
- Generate and maintain accurate reports, detailing various aspects of sales operations data, including but not limited to sales figures, customer trends, and employee productivity.
- Design business planning tools for PLT & TT Sales Teams
- Partner with Sales and Marketing departments to support customer tradeshow, events, and sales team meetings.
- Be the primary point of contact for all sales operations inquiries, managing and responding to requests, answering questions and addressing concerns in a timely and professional manner.
- Coordinate with other departments as needed to resolve sales operations issues and ensure smooth communication and collaboration.
- Act as coordinator between Sales and Pricing (PLT, TT, Retread) to communicate price files and MAP activities.
