

Manager Sustainability Reporting - Internal Control System (m/f/d) - REF83632G

Your tasks

We are looking for a Manager Sustainability Reporting - Internal Control System (m/f/diverse) joining our future AUMOVIO sustainability reporting team in either Frankfurt am Main or Hannover, Germany. Your focus will be on governing the internal control system of sustainability reporting and sustainability due diligence in alignment with our global ICS framework and support producing the annual sustainability report for the entire future AUMOVIO Group, ensuring the integrity and accuracy of information.

- Responsibility for the internal control system in the mandatory sustainability report and the sustainability due diligence system
- Define frameworks for sustainability internal control system, including updates and improvement of sustainability reporting and due diligence guidelines (sustainability governance)
- Manage key processes for sustainability internal controls and ensure completeness and accuracy of control testing and documentation
- Govern process risk assessments for sustainability reporting and due diligence, and develop strategies to mitigate identified risks.
- Ensure conformity of the sustainability Internal Control System (ICS) with the overall ICS framework and systems
- Ensure effective preparation of the sustainability internal control system specific parts of the Annual Report and other reporting obligations
- Support the sustainability reporting and manage selected sustainability matters along the main areas of ICS, accounting, editorial, assurance, and stakeholder relations.
- Maintain the network for sustainability internal controls and serve as reliable partner for sustainability matters
- Benchmark sustainability ICS against industry standards and continuously develop effective ICS processes and process risk mitigation
