

Head Of Maintenance

Your tasks

Job Description:

You will be responsible to lead plant technical resources to monitor and maintain plant processes and equipment with focus on achieving employee and customer satisfaction in a cost effective and lean way.

Responsibilities:

- Lead and manage maintenance operations to optimize the utilization of resources, ensuring the reliability of production equipment, product quality, and employee safety.
- Oversee the implementation of maintenance procedures, manage budgets and expenditures, conduct inspections across various production areas to identify and address issues, and schedule necessary maintenance tasks.
- Supervise and mentor the maintenance coordinator.
- Respond promptly to maintenance emergencies.
- Manage and supervise the maintenance team to ensure that all activities are conducted efficiently and in compliance with safety standards.
- Conduct regular inspections and audits of facilities and equipment to identify areas for improvement and ensure adherence to health and safety regulations.
- Ensure all maintenance work is thoroughly documented in accordance with internal and external requirements.
- Monitor inventory levels of spare parts and maintenance supplies, planning re-orders to prevent delays in maintenance activities.
- Implement energy-saving measures and sustainability practices within maintenance operations.
- Maintain and update Key Performance Indicators (KPIs) and make informed decisions to sustain their control.
- Ensure all activities align with engineering standards and corporate policies.

Your profile

Required Qualifications:

- Bachelor's degree with a minimum of 2 years' experience or 4 years of experience without relevant degree
- Comprehensive knowledge of preventive, corrective, and predictive maintenance practices.
- Experience in maintenance administration, including mechanics, electronics, and electrical drives.
- Knowledge of Environmental, Safety, and Health (ESH) standards applicable to maintenance (such as Lockout/Tagout, Arc Flash, etc.).
- Proven experience in financial resource management.
- Proficient in English with an advanced level of communication skills.
