

SAP Central Finance & SAP Analytics Cloud Solution Architect (TM)

Descrição da função

We are looking for a proactive and business-savvy **SAP CFIN & SAC Solution Architect** to drive the effective use of our existing **SAP Central Finance (CFIN)** landscape and enable impactful financial insights through **SAP Analytics Cloud (SAC)**. This role acts as a **data enabler and ambassador**, ensuring that CFIN data is trusted, accessible, and actionable across the organization through intuitive visualizations and analytics.

- Champion the **adoption and optimization** of the existing SAP Central Finance (CFIN) platform.
- Act as a **bridge between finance, IT, and business teams** to ensure CFIN data is understood, trusted, and used effectively.
- Design and deliver **SAC dashboards and reports** that bring CFIN data to life for business stakeholders.
- Identify and resolve data quality, consistency, and integration issues across source systems and CFIN.
- Collaborate with data owners and finance teams to define **KPIs, data models, and reporting standards**.
- Promote **data literacy** and **self-service analytics** within the finance and controlling communities.
- Support ongoing **S/4HANA transformation** efforts by aligning CFIN and SAC strategies with enterprise goals.
- Provide guidance on **data governance, security, and access control** for financial reporting.

Requisitos

You could be a perfect match to our team if you have:

- Bachelor's or Master's degree in Finance, Information Systems, or related field.
- 5+ years of experience in SAP Finance, with at least 2 years in **SAP Central Finance**.
- Hands-on experience with **SAP Analytics Cloud** (BI, Planning, or Predictive).
- Strong understanding of **financial processes, data flows, and reporting requirements**.
- Familiarity with **data modeling, SAP BTP, and SLT** is a plus.
- Excellent communication skills and ability to translate technical data into business value
- Strong stakeholder engagement and facilitation skills
- Analytical mindset with a passion for data storytelling
- Self-starter with a collaborative and enabling approach
