

Internship - Data Analytics and Data Visualization with Power BI - REF84369T

Feladatok

For our location **Frankfurt** or **Lindau am Bodensee** we are looking for a Intern (m/f/d) to support our Market Intelligence Team for minimum 6 months with start on 15th July 2025.

Your tasks are in detail:

- Creation and maintenance of Power BI dashboards and reports for visualizing company data.
- Assisting in data analysis and preparation from various sources.
- Collaborating with different departments to understand and implement their data visualization requirements.
- Conducting ad-hoc analyses and providing insights to support decision-making.
- Supporting the optimization and automation of existing reports and dashboards.

Profilja

- Enrolled student (m/f/d) in Business Informatics, Computer Science, Business Administration, or a comparable field of study
- Good knowledge of Power BI and experience in creating reports and dashboards
- Basic knowledge of SQL and database management
- Knowledge of Microsoft Excel and other data analysis tools is an advantage
- Fluent English language skills, German is a plus
- A feeling for appealing layouts
- Ability to present complex information in an understandable and engaging manner
- Analytical thinking and a structured approach to work
- Good communication skills and team spirit

Before you submit your application, there are a few things you should keep in mind: We need your current enrollment certificate and your latest transcript of records. Additionally, if applicable, we require a confirmation from your university regarding the completion of a mandatory internship in order to process your application.

If you are not from an EU country, please also send us your valid residence permit and your work permit including a supplementary sheet

Applications from severely disabled people are welcome.
