HOW YOU WILL MAKE AN IMPACT:

As a Maintenance Technician, you will play a critical role in ensuring our manufacturing operations run smoothly and efficiently. Your technical expertise and problem-solving abilities will directly support equipment uptime, product quality, and team productivity—helping us deliver on our promise to customers every single day.

YOUR TASKS:

- Perform preventative maintenance, troubleshooting, and repairs on a variety of production equipment, including mechanical, electrical, pneumatic, and hydraulic systems
- Respond to equipment breakdowns promptly to minimize downtime
- Conduct inspections, calibrations, and adjustments to maintain safety and operational standards
- Work collaboratively with Production, Quality, and Engineering teams to address recurring issues and support continuous improvement
- Maintain accurate maintenance records and documentation.
- Support installation and commissioning of new equipment or system upgrades
- Follow all safety protocols, lockout/tagout procedures, and company policies

THE ENVIRONMENT:

- Safety is our highest priority and safety procedures / guidelines must always be adhered to.
- Fast-paced, hands-on manufacturing environment
- Multiple shifts available, including potential overtime and weekend work
- Work involves standing, walking, lifting up to 50 lbs, and working around machinery
- The job is within a non-climate-controlled environment where you will be exposed to temperature swings (hot/cold), forklift and pedestrian traffic, and noise.
- Collaborative culture focused on safety, quality, and reliability
