

Senior HR Business Partner - Business Area IEMEA (m/f/d) - REF852280

Descrição da função

As Senior HR Business Partner for the Business Area IEMEA you're not just joining an HR team—you're stepping into a strategic role in shaping ContiTech's future. You will align the ContiTech Strategy and its enablers with business goals and across locations. You'll be a trusted advisor to senior leadership, a driver of change, and a catalyst for performance in a complex, international environment. Additionally, the following aspects will belong to your area of responsibility:

- Act as a strategic HR advisor to (Senior) Executives across multiple countries and functional areas
- Execute Compensation & Benefits measures in line with Group Sector guidelines (including grading, STI, LTI, and merit rounds)
- Foster a high-performance culture through coaching, feedback, and leadership enablement
- Translate ContiTech's strategic goals into concrete organizational development and transformation initiatives—enhancing future competencies, strengthening performance and knowledge management, supporting organizational agility, and ensuring resource effectiveness in line with evolving business needs
- Lead, steer or support complex cross-functional HR projects with international scope such as transformation projects and change initiatives
- Collaborate closely with Location HR as well as with global HR Centers of Expertise

Requisitos

- A degree in Human Resources, Business Administration, Psychology, or a related field
- Several years of experience as an HR Business Partner, ideally in an international matrix organization
- Fluent in English; German and additional languages are a plus
- Proven ability to consult and influence senior leaders in complex business environments
- Strong expertise in Talent Management, Organizational Development, and Compensation & Benefits
- Intercultural competence and experience working across countries and cultures
- Ability to work collaboratively in a fast-paced, dynamic environment
- You build trust and communicate with clarity and empathy
- You bring structure and focus to complex situations
- You act with curiosity, courage, and are passionate about people, performance, and purpose

Applications from severely handicapped people are welcome.

Quem somos

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, traffic and transportation. In 2023, Continental generated sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

Guided by the vision of being the customer's first choice for material-driven solutions, the ContiTech group sector focuses on development competence and material expertise for products and systems made of rubber, plastics, metal, and fabrics. These can also be equipped with electronic components in order to optimize them functionally for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction, and surfaces. In addition, ContiTech serves the automotive and transportation industries as well as rail transport.
