

DESIGN ENGINEER OR ANALYST

หน้าที่ความรับผิดชอบในงานของคุณ

- Functional design: Consolidation of the design features and design parameters as a result of function carrier design;
- Physical concept in the form of a assembly and component structure (physical architecture);
- Generate and ensure product maturity of the assembly and of the components;
- Engineering activities related to feasibility (process related design features, tolerance chains, qualities etc.);
- Rate the product maturity regarding feasibility (risk management);
- Provide design constraints to the function carrier design;
- Consolidation of insights and determination of process related design features, completion of assembly and component design taking into account the constraints of assembly and manufacturing processes.

โปรไฟล์ของคุณ

- Engineering Graduation complete or ongoing
 - Design - Basic Knowledge
 - Design - Basic Capability
 - Design Release Handling
 - Design - FMEA Capability
- Process - Knowledge
- Product - Knowledge
- Production - Knowledge
- Problem Resolution Management Capabilites
- Engineer Basic Capabilites
- English advanced

ข้อเสนอของเรา

Ready to drive with Continental? Take the first step and fill in the online application.

เกี่ยวกับเรา

A Continental desenvolve tecnologias e serviços pioneiros para a mobilidade sustentável e conectada de pessoas e seus bens. Fundada em 1871, a empresa de tecnologia oferece soluções seguras, eficientes, inteligentes e acessíveis para veículos, máquinas, tráfego e transporte.

A Nossa Cultura é focada em construir um ambiente inclusivo e colaborativo, somos movidos pelos nossos valores: Paixão por Vencer, Uns pelos Outros, Liberdade para Agir e Confiança.
