

Production Manager - OTR

Descrição da função

The Production Manager - OTR is entrusted with the critical responsibility of overseeing and coordinating daily plant operations, encompassing production, pre-production, and operational activities. This role demands the establishment and maintenance of a safe, legally compliant workplace, and the rigorous enforcement of all corporate policies and procedures.

- Develop and implement comprehensive policies and procedures designed to optimize productivity, ensure stringent quality standards, and effectively mitigate production challenges.
- Provide authoritative leadership and management for assigned operational areas, including tire building and curing processes, with a focus on excellence and precision.
- Initiate and oversee strategic initiatives, systems, and processes aimed at continuous improvement of Key Performance Indicators (KPIs), particularly in terms of operational reliability.
- Conduct meticulous monitoring of overtime utilization, implementing measures to maintain it at an acceptable level in alignment with organizational objectives.
- Ensure strict adherence to all safety protocols, regulatory requirements, and industry best practices throughout the production environment.
- Foster a culture of accountability and high performance among team members, setting clear expectations and providing decisive guidance.
- Conduct regular, in-depth analyses of production metrics and implement data-driven strategies for operational enhancements.
- Collaborate effectively with cross-functional teams to address complex operational challenges and drive organizational success.
- Maintain vigilant oversight of resource allocation, ensuring optimal utilization of personnel, equipment, and materials.
- Proactively identify potential risks to production goals and develop robust contingency plans to mitigate their impact.
- Achieve the cost center budget for supplies and overtime with utmost precision.
- Rigorously drive and inculcate the Quality 1st Mindset and Continental Business System (CBS) roll out for Production area.
