

Automotive Customs Costs and Performance Coordination Specialist - Sibiu

Ihre Aufgaben

Check out your future responsibilities below:

Coordination & Stakeholder Management

- Lead the coordination of customs performance activities across plants, brokers, and stakeholders from all group sectors
- Serve as a central point of contact between plant operations and the EMEA customs team, ensuring timely alignment and support

Performance Monitoring & Reporting

- Define and implement key KPIs for customs operations, budget tracking, logistics cost control, and declaration quality
- Monitor performance regularly and provide clear, data-driven reports to senior management
- Ensure continuous alignment with regional customs strategy and compliance goals

Continuous Improvement & Project Support

- Identify opportunities for optimization and lead initiatives that improve efficiency, accuracy, and cost-effectiveness
- Facilitate workshops, conduct gap analyses, and present high-level insights and business cases to management

Process & Data Management

- Ensure accurate data handling in customs systems and maintain proper documentation and archiving
- Oversee non-operational customs processes, ensuring they meet best-in-class standards

Cost Oversight

- Perform monthly reviews and analyses of customs and logistics-related costs
- Cross-check data with internal stakeholders and deliver comprehensive cost reports to leadership

Internal Communication & Knowledge Sharing

- Develop and implement a communication strategy for customs service providers
- Promote best-practice sharing across the region through regular exchanges and updates
