

## (Senior) Data Scientist - R&D Tires (m/f/d) - limited until 09/30/2026 - REF86074C

### Your tasks

We are looking for a curious and driven **(Senior) Data Scientist** to join our R&D team in the field of **tire development**. This role focuses on the **exploration and validation of innovative data-driven use cases** that support the development of next-generation tire technologies. You will work closely with engineers, material developers, and product teams to turn data into actionable insights.

- Identify and explore new data science use cases in tire R&D, from concept to prototype
- Analyze experimental and simulation data to uncover patterns and opportunities
- Develop and test machine learning models and statistical analyses to support product innovation
- Collaborate with cross-functional teams to understand technical challenges and translate them into data-driven solutions
- Communicate findings through clear visualizations, reports, and presentations
- Contribute to the development of internal tools and frameworks for data exploration and modeling

### Your profile

- Academic degree in Data Science, Computer Science, Engineering, Mathematics, or a related field
- Several years of experience in data science or applied analytics (internships and academic projects count)
- Proficiency in Python, R, or similar languages; experience with data science libraries (e.g., scikit-learn, matplotlib)
- Solid understanding of statistics, data wrangling, and machine learning fundamentals
- Very good English language skills (written and spoken), German language skills are optional
- Strong problem-solving skills and a passion for experimentation and innovation
- Effective communication and teamwork abilities

Applications from severely disabled people are welcome.

### Our offer

We offer the following benefits:

- Salary based on Chemical Industry Tarif / **Potential to an out of Tarif salary contract**
- 30 days of paid vacation per year
- Three extra days per year for individual use (called: future value)

Job ID  
**REF86074C**

Field of work  
**Research and Development**

Location  
**Hannover**

Leadership level  
**Leading Self**

Job flexibility  
**Hybrid Job**

Contact  
**Philipp Meinen**

Legal Entity  
**Continental Reifen Deutschland GmbH**

- Attractive career development opportunities
- We offer balanced working conditions by doing mobile work, working part-time, flexible working time as well as Sabbatical options
- Cross-Border mobile work options up to 40 days per year from other EU countries
- Company Pension plan
- Attractive employee benefits with discounts
- Diverse offers that support a better “work-family” balance (e.g. company childcare places and free emergency care for your children)
- Discounted access to the Egym Well-Pass for accessing sport facilities across Germany
- A highly diverse environment across our location
- A new canteen on site with a variety of lunch options

If this sounds like a perfect match for you and if you want to become the next supporter of our core values: **Trust, for one another, passion to win and freedom to act** - we are looking forward to receiving your application.

[Diversity, Inclusion & Belonging](#) are important to us and make our company strong and successful. We offer equal opportunities to everyone - regardless of age, gender, nationality, cultural background, disability, religion, ideology or sexual orientation.
