

# IT Data Architect (m/f/d) BA OESL - REF86090C

## Your tasks

### Data Architecture

- Design, implement and manage OESL's data architecture to ensure secure, scalable and high-performance data processing for data analytics use-cases.
- Shape OESL's data architecture strategy, striking the perfect balance between cost, flexibility, performance, and innovation.
- Lead the evaluation, selection, and seamless integration of cutting-edge data warehousing technologies, tools, and services.

### Implementation and Optimization

- Deploy and manage data integrations across systems based on industry best practices to ensure performance and availability targets are met.
- Continuously enhance data processing chains by optimizing performance, reducing costs, and strengthening security measures.

### Governance and Compliance

- Ensure data architectures adhere to regulatory requirements and security standards such as ISO and GDPR.
- Develop and enforce governance frameworks for relevant resources, emphasizing data privacy, access control, and compliance.

### Collaboration and Stakeholder Engagement

- Partner with cross-functional technical leaders to align data strategies with business objectives.
- Collaborate with DevOps, Security, and Infrastructure teams to drive seamless adoption and integration of cloud services across OESL.
- Maintain strong relationships with external service providers, staying ahead of emerging trends and technologies.

Hiring can take place at different OESL IT Locations

## Your profile

We're seeking a skilled **Data Architect** to lead the implementation of OESL's data strategy. Key skills and expertise include:

- **Data Driven Applications:** Experience with design, setup and operation of data integration workflows and ETL processes across multiple systems (e.g. ERP, CRM, IoT Data Sources)
- **Data Platforms:** Experience with usage and optimization of business warehouses. Preferably, based on SAP BW or Databricks.
- **Cloud Platforms:** Experience with AWS or Azure and designing scalable, secure data driven applications using cloud technology.
- **Data Governance & Security:** Familiarity with central regulations (e.g.

- **Cost Optimization:** Ability to manage platform related budgets and optimize resource use effectively.
- **Agile and DevOps:** Knowledge of collaborative workflows and modern deployment practices.
- **Project Management:** Experience in leading projects for data driven applications from design to implementation and steering of external suppliers.

Applications from severely handicapped people are welcome.

## Our offer

### About OESL IT

OESL IT is at the forefront of our transformation, being built from the ground up to be agile, forward-thinking, and strategic. As we shape the future of OESL, our IT team will play a pivotal role as a **strategic advisory partner**, driving digital capabilities and enabling business success across the organization.

### Why Join OESL IT?

- **Greater Impact:** Take part in shaping the future of a newly formed, dynamic IT organization, with the opportunity to bring ideas to life and reap significant professional rewards.
- **Growth and Innovation:** Work in a fast-moving, cloud-based infrastructure and application environment that encourages innovation and offers opportunities for continuous growth and expanding your skill set.
- **Creative Space:** Experience the entrepreneurial spirit of a **start-up culture** within a global organization, enjoying both the creative freedom and the responsibility needed to thrive in modern working environments.
- **Tight-Knit Team:** Join a highly collaborative team where individuals have the power to shape their work, make meaningful contributions, and drive collective success.

### What we offer?

- **Compensation package** - 14th salaries plus performance bonus
- **Lunch Allowance** - in line with local regulation
- **Flexibility** - Flexible schedule, hybrid work.
- **Home-Office** - Employees received 1,00€ net for each Home-Office day, paid monthly.
- **Work Abroad** - Possibility to work abroad within the EU for 20+20 days per year (two different countries).
- **Vacation days** - 22 days per year + 3 extra days the following year (considering absenteeism). Seniority days added starting from 3 years in the company.
- **Referral Bonus** - A bonus of 500€ or 750€ (depending on the seniority of the candidate) is paid for each referral.
