

IT Solution Manager (m/f/d) - OESL - REF86151L

Vaše náplň práce

We are looking for you, an IT Solution Manager (m/f/diverse), to join our Information Technology team in the area Business Applications for Purchasing, Finance, Integrity & Law. Hybrid Work is possible.

The main objective of this position is the responsibility for the operation of applications in the area of Purchasing and Finance.

Core Responsibilities:

- You work as an IT partner and IT provider with your customers in Purchasing, Finance, Integrity & Law
- You ensure close cooperation with divisions/regional hubs as well as with internal and external partners
- You are responsible for handling of tickets, incidents and changes
- You steer, plan and implement requested changes and extensions together with the business application manager / business key users
- You control the budget for services and create order requisitions
- You provide support for continuous optimization of individual applications, their strategies and architecture
- You are actively involved in global IT and business projects
- You assist in the development of global standards, strategies and concepts and their implementation in the area of Purchasing, Finance, Integrity & Law

Váš profil

Basic Qualifications:

- Academic Degree in computer science, business administration, business informatics or comparable qualification
- Experience in Purchasing and/or Finance and/or Integrity & Law processes appreciated
- Excellent communication skills
- Business fluent English skills (spoken and written)
- Teamplayer with willingness to work in a global team environment
- Very good negotiation skills and ability to find workable solutions for all parties involved
- Independent, structured, result- and customer-oriented working style

Preferred Qualifications:

- Several years of professional experience in IT service management or project environment
- Knowledge or experience in service management, e.g. as a service or application owner
- Knowledge of business analytics tools, cloud services, server management, SAP BW and Mendix
