- Define and maintain the chart of accounts, financial data models, and integration with other SAP and non-SAP systems
- Lead the implementation of Central Finance (CFin), Group Reporting, and Treasury Management solutions

Process Optimization

- Analyze and improve finance processes including AP, AR, GL, AA, CO, and COPA
- Support digital transformation initiatives using SAP Fiori, BTP, RPA, and embedded analytics
- Ensure compliance with IFRS, GAAP, and local tax regulations

Project Leadership

- Lead SAP finance projects (greenfield, brownfield, or hybrid)
- Manage data migration, master data governance (MDG), and financial consolidations
- Coordinate with cross-functional teams and external vendors

Central Key User Duties

- Act as the primary contact for finance-related SAP issues and enhancements
- Conduct training sessions and workshops for end users
- Document business processes, test cases, and system configurations
- Provide first-level support and escalate issues to SAP support when necessary
