SAP FI-CO Architect / Central Key User

Vos activités

The SAP FI-CO Architect / Central Key User is responsible for designing, implementing, and optimizing SAP Financial Accounting (FI) and Controlling (CO) solutions. This role bridges business and IT, ensuring that SAP systems align with financial processes, compliance requirements, and strategic goals. The Central Key User also acts as a liaison between end users and the SAP support team, ensuring smooth operations and continuous improvement.

Architecture & Design

- Design and implement SAP FI/CO architecture for S/4HANA, ECC, and hybrid environments
- Define and maintain the chart of accounts, financial data models, and integration with other SAP and non-SAP systems
- Lead the implementation of Central Finance (CFin), Group Reporting, and Treasury Management solutions

Process Optimization

- Analyze and improve finance processes including AP, AR, GL, AA, CO, and COPA
- Support digital transformation initiatives using SAP Fiori, BTP, RPA, and embedded analytics
- Ensure compliance with IFRS, GAAP, and local tax regulations

Project Leadership

- Lead SAP finance projects (greenfield, brownfield, or hybrid)
- Manage data migration, master data governance (MDG), and financial consolidations
- Coordinate with cross-functional teams and external vendors

Central Key User Duties

- Act as the primary contact for finance-related SAP issues and enhancements
- Conduct training sessions and workshops for end users
- Document business processes, test cases, and system configurations
- Provide first-level support and escalate issues to SAP support when necessary

Votre profil

Technical Skills

- Deep knowledge of SAP FI (GL, AP, AR, AA) and CO (CCA, PCA, COPA, Internal Orders)
- Experience with Central Finance, Treasury, and Group Reporting
- Familiarity with SAP integration (MM, HR, SD, PP), SAP BTP, Fiori, and
