

Module Owner - Process Design & Digitalization (m/f/d) - REF86319H

Tus actividades

The department Process Design & Digitalization at our location in Hannover-Stöcken shapes and drives the process digitalization of our worldwide R&D organization.

The Module Owner (e.g. for Requirement Management) is responsible for transforming business requirements related to digitalization into effective IT solutions within the R&D system landscape. Their primary goal is to deliver efficient, future-proof digital solutions, with a particular focus on the Life Lifecycle Management system in the R&D Tires environment.

Your Responsibilities

- Coordinate iterative processes from concept design to final provisioning of digital solutions with focus on own module
- Align and harmonize business requirements of various stakeholders as well as steer all involved functions
- Develop and create future picture of own module
- Continuously improve digital solutions and/or processes connected to own module to ensure quality and efficiency gains
- Support the organization in testing and training of new digital solutions
- Act as contact person for R&D IT and stakeholders within area of responsibility
- Lead and/or participate in operational and strategic process digitalization projects

Tu perfil

- Academic degree in engineering, industrial engineering, information technology, natural sciences or comparable field; first professional experience in an R&D environment within a global organization desirable
- Strong interest in driving digitalization topics
- Self-motivated and result oriented team player who enjoys working in multicultural, performance and target oriented groups
- Strong stakeholder orientation, willingness to learn, to act and to take responsibility
- Experience in project management and tools beneficial
- Fluent English language skills
- Ability to handle complex tasks
- Very good communication and networking skills
- Knowledge in programming language(s) and data analytical methods beneficial

Applications from severely disabled people are welcome.
