

Maintenance Apprentice

Tus actividades

The Maintenance Apprenticeship program is designed to prepare highly talented, self-motivated individuals for a future maintenance career with Continental. The two year apprenticeship offers Continental employees with the opportunity to earn an Associate's Degree in Advanced Manufacturing along with the opportunity to experience hands-on maintenance experience and professional development.

This program offers an opportunity to work in an environment that allows learning in a real-world environment through applying education while on-the-job including technical skills such as electricity, robotics, fluid power, mechanics, Programmable Logic Controller (PLCs), and industrial troubleshooting. This program also includes manufacturing core exercises such as safety culture, visual workplace organization, lean manufacturing, problem solving, and machine reliability. This role prepares a Maintenance Apprentice for a full-time Maintenance Technician position at Continental New Braunfels, TX based upon business need.
