

Internship - Optimization of Reporting Processes & System Integration (Global Demand & Supply Balancing) - REF86598C

Descrição da função

Global Demand & Supply Balancing TIRES located in **Hanover-Stöcken** is responsible to ensure an efficient and effective intercontinental supply planning and execution within the worldwide Continental Tires network.

In this exciting environment we are offering a mandatory internship **starting September 2025** and lasting **at least 6 months** in order to ensure an optimal learning experience. A combination of voluntary and mandatory internship is feasible, with the mandatory part lasting at least 12 weeks.

Your Responsibilities:

You will support our **Global Demand & Supply Balancing** department by optimizing reporting processes and system integration with a focus on:

- **Automating** data refreshers, report updates, and result delivery, including the creation of clear and effective visualizations
- **Reducing manual input**, such as Excel-based data, by enhancing system integration within the reporting landscape using the **KNIME Analytics Platform**
- **Ensuring sustainability and transparency** through comprehensive documentation of processes and solutions

Requisitos

- On-going studies in the field of Business Economics, Business Engineering or similar study programs
- Main focus on supply chain management, logistics or IT
- Advanced knowledge in Knime Analytics Platform preferred (basic knowledge is mandatory)
- First practical experiences in PowerBI
- Experienced in working with MS Office-programs, such as Excel or Powerpoint
- Very good German and English language skills, written and spoken
- Excellent numerical understanding and analytical thinking
- Eagerness to learn and grow
- Good adaptability as well as creative thinking and a proactive mindset
- Ability to quickly absorb and apply new knowledge
- Independent and proactive working style

Please attach your current certificate of enrollment and also your current transcripts of records and an extract of certificate for a mandatory internship. Those documents are mandatory for processing your application. If required, please submit your valid residence permit

Quem somos

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
