

Lowcode and Automation Platform Engineer (m/f/d)

Your tasks

As a **Lowcode and Automation Platform Engineer**, you will:

- Be responsible for designing, developing, and maintaining robust self-developed solutions using frameworks such as Java and Python and Microsoft .NET.
- Ensures adherence to self-developed applications best practices, technical standards, and quality guidelines throughout the application lifecycle.
- Develop reusable components to accelerate delivery and support scalability.
- Collaborates with Quality Engineers, Service Owners, and stakeholders to execute change, test, and release management processes effectively.
- Develop and maintain self-developed applications and provides toolkits, documentation, and community engagement to foster a scalable and maintainable self-development application ecosystem.

Your profile

- Bachelor's or Master's in IT, Computer Science, Software Engineering, or related field
- 3-5 years in software/platform engineering or development, ideally with .NET Framework
- Proven track record participating in or leading agile projects, plus hands-on involvement in delivering complex solutions
- Formal leadership is not strictly required; however, experience in guiding teams or mentoring less-experienced developers is beneficial
- Fluent in English (other languages beneficial); experience working in multinational, cross-functional teams

Our offer

What we offer?

- **Compensation package** - 14th salaries plus performance bonus
- **Lunch Allowance** - in line with local regulation
- **Flexibility** - Flexible schedule, hybrid work.
- **Home-Office** - Employees received 1,00€ net for each Home-Office day, paid monthly.
- **Work Abroad** - Possibility to work abroad within the EU for 20+20 days per year (two different countries).
- **Vacation days** - 22 days per year + 3 extra days the following year (considering absenteeism). Seniority days added starting from 3 years in the company.
- **Referral Bonus** - A bonus of 500€ or 750€ (depending on the seniority of the candidate) is paid for each referral.
