

SAP Technical Consultant PP/DS (S/4Hana)

Vaše náplň práce

Our IT Competence Center Manufacturing drives the digitization in our Tire plants worldwide – and we want you to join us!

In this position you will be part of our global IT team supporting production planning and sequencing. In collaboration with our business partners, we continuously improve processes and production performance to meet customer demand.

We partner with people from our tire plants and other areas within the company to realize new functionalities or test and evaluate new technology. We are a global, highly motivated IT team that has the freedom to act and embraces diverse thoughts and perspectives.

If you love to create and improve digital solutions and drive them from idea to implementation, Continental is the perfect match for you.

In this exciting job you work on the following tasks:

- Migration of PP/DS application from SCM to S/4Hana system
- Implement and test new PP/DS solutions in S/4Hana
- Digitize production planning processes as part of our Manufacturing Digitalization program
- Provide 2nd level support for SAP PP/DS and interfacing systems
- Support the functional and business team regarding the technical realization of application requirements

Váš profil

- Academic degree in computer science, business administration or an equivalent qualification
- Working experience with SAP PP/DS in a technical role, preferably on S/4Hana
- Good knowledge of SAP PP/DS master data, customizing and planning processes
- SAP ABAP or Fiori knowledge is beneficial
- Analytical thinking capabilities and good understanding of business processes
- Experience working in agile methodologies
- Professional working proficiency in English
- Intercultural sensitivity with experience working in an international team
- Open to travel up to 20%, incl. business trips abroad
