

Solutions Architect WAN (m/f/d) for the sector Tires - REF876330

Tus actividades

At Continental Tires, we're driving innovation not only on the road but also in the digital world. As a Solution Architect WAN, you will play a pivotal role in designing and optimizing secure, high-performance network services that connect our global operations and enable seamless hybrid cloud experiences.

As a "Solution Architect WAN (m/w/d)" you will work with cutting-edge SD-WAN technologies, cloud networking and automation tools to build a resilient, scalable architecture that powers our enterprise. In your role you will design, implement and optimize our WAN network services with the following key responsibilities:

- Design, Develop and implement SD-WAN connectivity across data centers, branch offices, and cloud platforms
- Configure and manage edge devices, cloud gateways, and orchestrators for seamless hybrid operations.
- Define and enforce routing, segmentation, and security policies across global environments.
- Automate provisioning and configuration using network automation tool stacks
- Design and manage connectivity to our cloud platforms Azure & AWS
- Develop the Shadow WAN solutions for smaller locations

Tu perfil

Preferred Qualifications:

- Academic degree in Computer Science, Information Technology or equivalent experience
- Several years of experience in network architecture or a related role, with a focus SD-WAN and Cloud connectivity
- Certifications such as CCNP, CCIE or equivalent

Skills:

- Strong understanding of network technologies protocol
- Proficiency in designing and implementing complex network architectures
- Strong experience in SD-WAN technologies and enterprise network architecture.
- Hands-on skills with automation tools (e.g. Terraform, Ansible, Python).
- Knowledge of cloud networking (Azure, AWS) and security best practices.
- Ability to collaborate across global teams and drive innovative solutions.
- Hands-on experience with routing protocols (BGP, OSPF, EIGRP)

Acerca de nosotros

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
