 - Ensuring the timely provision of consolidated statements for external and internal stakeholders, including the management board, investors, and auditors.
 - Coordination with subsidiaries and international branches to ensure consistency in the financial statements.
- **Leadership & Team Management:**
 - Leading and developing a team of accountants and financial professionals within the group accounting department.
 - Fostering a collaborative and high-performance environment, ensuring clear communication and effective coordination across the group.
- **Compliance & Governance:**
 - Ensuring compliance with all relevant local and international accounting standards, regulatory requirements, and financial reporting frameworks (including IFRS, HGB, and others as applicable).
 - Monitoring the implementation of changes to accounting standards and internal policies to maintain compliance.
 - Collaboration with external auditors and ensuring audit requirements are met, as well as responsibility for implementing any necessary adjustments.
- **Internal Controls & Process Improvement:**
 - Establishing and maintaining the internal control system for the group's accounting activities.
 - Continuous review and optimization of accounting processes and systems to improve efficiency, accuracy, and compliance.
 - Implementation of best practices for accounting operations.
- **Communication & Stakeholder Management:**
 - Cooperation with other departments (controlling, taxes, treasury, legal, and operations) to align financial reporting with the overall corporate strategy.
 - Main point of contact for accounting processes and standards, providing expertise and support for the CFO and other departments.
 - Maintaining open communication with external stakeholders (auditors, regulatory authorities, investors, etc.).
