

Senior Regional IT Infrastructure Coordinator

Your tasks

HOW YOU WILL MAKE AN IMPACT

SG 11

We are seeking a **Senior Regional IT Infrastructure Coordinator** to lead and support IT infrastructure initiatives across our regional locations. This critical role ensures the delivery of high-quality infrastructure services while maintaining alignment with corporate policies, standards, and strategic goals. The Coordinator will work closely with the Tires Infrastructure and Cybersecurity teams, as well as with the other regional Coordinators, to drive consistency, compliance, and operational efficiency across the organization.

Consulting & Demand Management:

Provide technical consultation on infrastructure standards, optimization, and service design
Collaborate with the central Infrastructure Competence Center (CC) to manage global and local demand
Track and support location-specific infrastructure solutions (i.e. Meraki, Starlink for remote/small sites)
Align with other regional Infrastructure Coordinators and consolidate local requirements

Quality & Compliance:

Perform technical analysis and follow up on assessments (e.g., DS/TMES, Regional Distributor Centers)
Support infrastructure standardization and ensure deployment of approved designs
Organize training sessions and open calls with CC Infrastructure specialists
Communicate policies and standards within the local Tire IT community
Collaborate with Regional MTE representatives

Service & Process Optimization:

Work with global and local IT teams to improve infrastructure services and end-to-end processes
Manage escalations with internal teams and external providers
Promote the use of new technologies and facilitate best practice sharing across locations

Provider Management:

Coordinate communication with vendors and service providers
Support product/service selection and manage escalations as needed

Project Management:

About us

THE COMPANY

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.

Are you ready to shape the future with us?
