

Technical Customer Service Internship (6months-1 year)

Tus actividades

We are looking for a motivated and detail-oriented intern to join our Technical Customer Service team. This internship offers hands-on exposure to tire performance monitoring, customer support, and field service activities in the Off-The-Road (OTR) tire industry.

Key responsibilities include:

- Supporting customer tire inspections and complaint investigations
- Assisting in technical reporting and root cause analysis
- Monitoring tire performance data from digital tools (e.g. TPMS, analytics software)
- Providing field and back-office support to Technical and Sales Managers
- Participating in training programs, customer visits, and service audits

This role is ideal for someone with strong analytical thinking and an interest in field-based engineering and technical customer support.

Tu perfil

- Currently pursuing a degree in engineering related fields.
- Excellent communication and report-writing skills in English
- Interest in off-highway vehicle systems or heavy equipment
- Proficiency in Microsoft Excel, PowerPoint, and basic data interpretation
- Self-motivated, detail-oriented, and able to work both independently and in a team

Lo que ofrecemos

- Monthly internship allowance provided
- Opportunity to gain first-hand industry knowledge in one of the world's leading tire manufacturers
- Mentorship and guidance from experienced technical managers
- Exposure to fieldwork, digital solutions, and customer-facing responsibilities
