

Global Product Management Systems & Business Application Mgr.

Vaše náplň práce

The Global Product Management Systems & Business Application Mgr. is responsible for overseeing system improvements to ensure efficient, scalable, and compliant global operations.

Within the area of responsibility, the main tasks are:

- Collaborating with business functions to translate their needs into system requirements and driving the development and updates of related business processes;
- Leading the creation of IT system concepts and workflows in partnership with business functions, central key users of the IT system landscape, and IT departments;
- Ensuring that proposed changes maintain data integrity and comply with relevant regulations and standards;
- Developing necessary manuals and training materials, effectively communicating changes to stakeholders, and supporting smooth transitions during global rollouts;
- Providing support to regional key users and the broader user community.

Váš profil

- University degree in Applied Science, Engineering, Business, or related subject;
- Professional experience in tire or automotive industry, with IT responsibility;
- Understanding of business processes;
- International interface management experience (preferred);
- Proficient English language skills (spoken and written)

Co nabízíme

Our offer:

- Integration in a challenging and international work environment;
- Flexible working model;
- Collaborative working style;
- Continuous opportunities for the promotion of talent and training.

We are committed to fostering a workplace where everyone feels safe, respected, and valued. All kind of applications are welcome.
