

Identity and Access Management Engineer - CTBC

Your tasks

We are seeking a motivated and technically skilled **IAM Engineer** to join our global team. This role focuses on the **operation and optimization of the OpenText IAM platform**, supporting identity-related integrations and license management across our enterprise systems. You will collaborate with international colleagues to ensure consistent and secure identity services across the organization.

- Operate and maintain the **OpenText IAM system** as part of a global infrastructure team.
- Manage and support IAM connectors and integrations with **Microsoft 365, EntraID (Azure AD), Active Directory, and SAP**.
- Support **Microsoft 365 license management**, including usage analysis, reporting, and optimization.
- Monitor system health, perform troubleshooting, and resolve IAM-related incidents.
- Document operational procedures, system changes, and configuration standards.
- Participate in global IAM projects and contribute to continuous improvement initiatives.
- Ensure compliance with internal security policies and external regulatory requirements.

Your profile

- Hands-on experience with **OpenText IAM** or similar identity platforms.
- Familiarity with **Microsoft 365, Azure AD, Active Directory, and SAP** in the context of identity and license management.
- Basic understanding of IT security principles and compliance frameworks.
- Experience working in a **global or cross-functional IT environment** is a plus.
- Strong communication skills, especially in **English**, for collaboration across international teams.
- Willingness to learn and adapt to evolving technologies and processes.
- Proactive, structured, and solution-oriented working style.

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.
