

Lead Supply Chain Planner

Vos activités

PLT Lead Supply Chain Planner

Create weekly production plan for a tire manufacturing facility by taking market requirements on article level and other input factors into consideration. Work in close alignment with various production departments to ensure this production plan can be successfully executed. Ensure good availability of tires within portfolio of relevant plant to ensure enable sales.

1. Compile production requirements on article level.
2. Work with market organization to ensure correct requirements are being produced.
3. Create feasible production plan. Communicate production schedule and schedule changes.
4. Understand plant constraints (Curing rates, Machine rates, etc.) and apply that knowledge to the weekly schedule. Maintain planning database to manage these constraints.
5. Optimize the Number of Changeovers
6. Prepare big picture outlook of future months' tire availability.
7. Maintain systems to ensure best possible material planning.
8. Leading and managing a small team of supply chain planners and production schedulers.
9. Special projects as assigned by Plant Operations Manager.
10. Ensure all ESH procedures, policies and legal requirements are implemented and monitored

NOTE: May not be inclusive of all work required and may be updated as needed.

Votre profil

A propos de nous

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2023, Continental generated preliminary sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
