

Health Manager (Specialist)

Descrição da função

Are you interested in shaping the future of ContiTech together with a great team?

Please join us and contribute to our goals with your new role as global Health Manager.

You will be responsible for managing Health by guidance, execution and support to safeguard operations, systems and knowledge in compliance with applicable obligations and to sustainably and continually improve the Health related performance - in global responsibility for the ContiTech organization, including all CT-related locations and entities and in alignment with Business Areas.

In details, your tasks will be:

- Develop and contribute proposals related to Health & Safety in relevance to the CT strategy and in alignment with respective stakeholders to ensure compliance and improve the management and performance of Health - as leading subject matter expert for the global CT organization
- Derive tasks, projects and programs from the CT strategy for Health & Safety focusing the requirements of Ergonomics
- Safeguard the ESH Management System for the subject of Health & Safety according to internal and external compliance obligations, such as internal CT rules and applicable international standards
- Ensure task performance as strategically or operationally required and agreed within the CT ESH team in a teamwork manner and supporting each other
- Gather, analyze and report Health related performance data to derive required improvement actions and improvement potentials (Performance & Management Review contribution)
- Identify, gather and report Health & Safety related risks, harms and prospective changes and impacts, ensure mitigation actions and preparedness

The future position holder can be located at strategically decided ContiTech location in Szeged (Hungary), Timisoara (Romania), Ponta Grossa (Brazil), or San Luis Potosi (Mexico).

Requisitos

- Bachelor's degree completed.
- Knowledge about International Standards (e.g. ISO 45001/45003, OSHA, DGUV)
- Experience as ESH/Safety System Auditor, Lead Auditor qualification (acc. ISO 19011) preferred
- Profound experience in ESH or comparable, preferably in rubber production or comparable industries and especially preferred in

Quem somos

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

Guided by the vision of being the customer's first choice for material-driven solutions, the ContiTech group sector focuses on development competence and material expertise for products and systems made of rubber, plastics, metal, and fabrics. These can also be equipped with electronic components in order to optimize them functionally for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction, and surfaces. In addition, ContiTech serves the automotive and transportation industries as well as rail transport.
