Cybersecurity Security Operation Center Specialist (m/f/d)

Jūsų užduotys

Your Responsibilities

- **Your Responsibilities**

- Manage and coordinate the day-to-day SOC operations in collaboration with external service providers, ensuring smooth and effective security monitoring and incident response
- Oversee the use and optimization of SIEM (Security Information and Event Management) and EDR (Endpoint Detection and Response) tools, with a focus on efficient incident detection and handling
- Lead and Oversee the Vulnerabilities & Penetration testing process, including assessments, prioritization, tracking, and remediation coordination
- Act as the primary contact and coordinator for external SOC service providers, ensuring compliance with SLAs, quality of service, and timely escalation
- Support continuous process improvements and enhancements of the SOC's technological and operational capabilities in line with evolving cybersecurity threats
- Maintain clear communication with internal teams and management regarding SOC activities, incident statuses, and vulnerability risks
- Keep up-to-date with industry trends, cybersecurity developments, and relevant technologies; knowledge of Crowdstrike is a plus

Reikalavimai

Your Profile

- Broad experience in IT security or cybersecurity, with solid understanding of SOC operations, SIEM, EDR, Vulnerability and Penetration testing methods
- Proven experience in managing or coordinating external providers or vendors in a technical operational context
- Good technical knowledge of common SOC tools and platforms, including SIEM and EDR systems (e.g., ELK, Crowdstrike, Tennable, Pentesting tools)
- Ability to communicate effectively across different organizational levels and teams
- Analytical mindset with pragmatic problem-solving skills and a collaborative working style
- Fluent in English, both written and spoken
