

Global Team Lead Mobile Solutions

Your tasks

As Global Team Lead Mobile Solutions, you will be leading an international team responsible for a portfolio of mobile applications used by internal employees as well as our customers. Your team manages mobile applications for different stakeholders (eBusiness, Digital Solutions, Technical Customer Service...) on a global scale. Your role is to ensure the highest quality and stability of the products and together with your business partners, drive further developments using the latest technologies to achieve the best results for our users.

In this exciting job you work on the following tasks:

Lead an international team of project managers and developers.

Ensure the constant development of the team, e.g. through regular performance evaluations and the definition of suitable training and development measures.

Manage, monitor and control of our operative projects including offer calculations, budget/employee planning and vendor selection.

Work together with global Business teams to achieve the best solutions to our end users.

Drive the mobile strategy to increase efficiency and/or development quality.

Ensure compliance with service level agreement, process, policies, and procedures.

About us

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

Continental's digital capabilities are growing every day. Our eCommerce, Fleet Solutions and Data Science Information Technology team creates a wide range of technology solutions for Continental's Global Sales and Marketing teams – and we want you to join us!

Our team continuously works on the digitalization of our business-to-business processes and end consumer communication, using leading web technologies and a strong focus on data science and artificial intelligence. We run Continental's global customer relationship management platform, which supports our Sales colleagues in their daily interaction with customers.

The Fleet Solutions part of our team builds global tech platforms using the Internet of Things, big data and automated service management. We constantly strive to improve the user experience for our fleet customers and Continental's fleet organization.

If you'd love to join a global team that works on the latest technologies and creates value-added solutions for customers, Continental is the perfect match for you.
