หน้าที่ความรับผิดชอบในงานของคุณ

Are you an ambitious IT professional looking for challenges, growth, and flexibility? You are structured and enjoy communicating and exchanging with stakeholders while driving things forward? Then you've come to the right place.

The OESL IT department is newly conceived and being built now! With this pioneering effort, OESL IT will be flexible, fast, and forward-thinking. Our IT team will become a strategic advisory partner, strengthening digital capabilities and driving business success.

The Global IT Team Lead SAP Supply Chain Planning & Warehouse Management is responsible for defining, governing, and delivering SAP solutions across Production Planning (PP), Plant Maintenance (PM), Quality Management (QM), and Inventory & Warehouse Management (WM).

This role leads the global SAP Supply Chain (SCM) team to ensure that planning, production, maintenance, and logistics processes are efficient, standardized, and fully integrated within the company's global SAP landscape.

The position combines functional expertise, solution architecture, and team leadership, providing strategic direction and operational oversight for SAP Supply Chain systems worldwide.

Your Responsibilities:

- Lead a global team of SAP functional experts across PP, PM, QM, and WM areas
- Lead the design, deployment, and continuous improvement of SAP processes in: PP (Production Planning), PM (Plant Maintenance), QM (Quality Management), Inventory & Warehouse (MM/WM/EWM)
- Ensure integration with Finance (FICO), Sales & Distribution (SD), and Procurement (MM).
- Govern and maintain the global SAP Supply Chain template and change control process.
- Lead a global team of SAP functional experts across PP, PM, QM, and WM.
- Partner with business process owners in Supply Chain, Operations, and Manufacturing.
- Manage collaboration with external SAP support partners
- Provide leadership, coaching, and performance management for SAP SCM team members.
- Establish global process and system governance for Supply Chain modules.
- Maintain robust documentation, change control, and audit trails
