

Internship (Mandatory) - Digital Solutions EMEA - REF90804N

Vaše náplň práce

For the Digital Solutions EMEA department, we are looking for an Intern (m/f/d) from **January 12th, 2026** for a period of **6 months** who will actively support our team in Replacement Tires EMEA business unit.

You will get to know our organization and procedures with which we implement and continuously develop our strategic and operational fields of action in the area of fleet solutions. You will support the Digital Solutions EMEA team in driving forward and establishing strategic and operational topics.

Your tasks include:

- Support to drive customer requirements into our organization to become a leading fleet solutions provider
- In close interaction with our colleagues in the markets and our customers, participate in the alignment and prioritization of requirements.
- Participate in the development and implementation of our strategic projects to secure our overall fleet business growth at lighthouse customers.
- Develop customer/application matrix to support local teams for the best fit solutions
- Create business development activity overview in order to create transparency
- Adjust and develop market entry/release check lists for new solutions offerings for our markets.
- Assist in communication between central and international stakeholders

Váš profil

- Student (m/f/d) in the fields of business administration, engineering or a comparable field of study
- Secure handling of MS Office programs (Excel, Word, PowerPoint, Teams)
- Proficiency in Power BI for data visualization and reporting is a strong asset
- Very good knowledge of English both written and spoken
- Passion to perform in a very dynamic and complex work environment
- High level of commitment, team, organizational and communication skills

Please attach your current certificate of enrollment and also your current transcripts of records. Also a **mandatory internship confirmation** letter from the university is required for this position.
