

IT Consultant - Finance & Controlling

Vaše náplň práce

You are seeking a new challenge at the interface of IT and Finance & Controlling? This is your opportunity!

Join our dynamic Information Technology team as an IT Consultant in the Finance & Controlling IT area. In this pivotal role, you will drive digital transformation, ensure operational excellence, and deliver impactful IT solutions.

Your key responsibilities are:

- Lead and support IT implementation projects (Agile, Waterfall, or Hybrid) within the Finance & Controlling IT.
- Plan, execute, and deliver high-quality project outcomes on time and within budget.
- Identify, assess, and mitigate project risks and issues through proactive management.
- Lead project teams, fostering teamwork
- Develop and execute stakeholder communication plans to ensure transparency and alignment.
- Ensure adherence to IT governance, standards, and compliance requirements.
- Be the IT partner of choice for our business customers by taking over technical consulting and ensuring best fit IT solutions
- Oversee the operation, performance, and compliance of Finance & Controlling applications, ensuring optimal availability and cost-efficiency.
- Coordinate with internal teams and external partners to manage the application lifecycle and support.
- Build strong relationships with internal IT departments and key user groups to co-create strategic solutions.

Váš profil

- Bachelor's degree in computer science, Information Technology, Business Informatics, or a related field.
- 3-5 years of professional experience in IT or industry-related roles, with at least 2-3 years in IT application operations or project delivery.
- Solid understanding of IT Service Management (ITSM) principles and tools.
- Experience with Finance & Controlling applications is a strong advantage.
- Proven ability to manage projects and work packages independently.
- Strong communication, presentation, and stakeholder management skills.
- Business fluent in English (written and spoken).
- Self-motivated, solution-oriented, and capable of working in a multicultural, distributed team environment.
