

Network Security Engineer in BA OESL

Vaše náplň práce

We are searching for a Network Security Engineer (m/w/d), working in our Network Security Team.

Key responsibilities are

- Internal consulting about network security / firewall implementations;
- Maintaining full system lifecycle of network security systems with external operations partners and local ITs;
- Improvement, streamlining and extension of current network security architecture;
- Participating in projects, organizing and implementing work streams related to network / network security.
- Performance analytics and troubleshooting;
- System automation.

Váš profil

- University degree in Computer Sciences and/or existing experiences with Enterprise Network Security Systems;
- Good understanding of the TCP/IP protocol family, Proxies / Load Balancers, VPN technologies, typical HA implementations and firewall functionality;
- Skills on major firewall system vendors (e.g. Check Point, Fortinet, ...) and/or load balancing;
- System monitoring;
- Linux, scripting, python, ansible;
- Fluent in English (written and spoken). Other languages (e.g. German, Romanian, Spanish, Mandarin/trad Chinese...) would be nice;
- Experiences in working in a multi-national environment;
- Good communication skills and high orientation on team goals;
- There may be a small amount of travelling involved (< 5%);

O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

Guided by the vision of being the customer's first choice for material-driven solutions, the ContiTech group sector focuses on development competence and material expertise for products and systems made of rubber, plastics, metal, and fabrics. These can also be equipped with electronic components in order to optimize them functionally for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction, and surfaces. In addition, ContiTech serves the automotive and transportation industries as well as rail transport.

About OESL

Original Equipment Solutions (OESL) is emerging as a stand-alone global leader in the automotive sector, with over 17,000 employees and €2 billion in annual sales. Operating in 15 countries across 35 locations, including technology centers, OESL will build on Continental's rich legacy to deliver high-quality parts to major OEMs and commercial

vehicle customers worldwide.
