

SAP PO consultant (EAI)

Your tasks

Position Overview:

We are seeking a skilled and motivated **SAP PO Interface Consultant** with hands-on experience in **SAP Integration Suite** to join our SAP integration team. The ideal candidate will be responsible for designing, developing, and maintaining robust and scalable integration solutions across SAP and non-SAP systems, ensuring seamless business process execution.

Key Responsibilities

Integration Design & Architecture

- Analyze business requirements and translate them into robust integration solutions.
- Design end-to-end interface architectures for SAP and non-SAP systems.
- Provide guidance on best practices for integration patterns and security standards.

Development & Implementation

- Develop and configure interfaces using SAP Process Orchestration (PO) components (Enterprise Service Repository, Integration Directory)
- Implement mappings (Graphical, Java, XSLT, Groovy) and adapters (IDoc, RFC, SOAP, REST, JDBC, File, ODATA).
- Utilize SAP Integration Suite capabilities (Cloud Integration, API Management, Event Mesh) for cloud and hybrid scenarios.
- Close collaboration with the external data center provider

Monitoring & Support

- Monitor integration processes and resolve errors by using the monitoring and logging capabilities within the NWA.
- Perform root cause analysis and optimize performance of interfaces.
- Perform administrative tasks, including transport and user management, and manage updates and patches
- Provide 2nd and 3rd level support for integration-related incidents.

Documentation & Quality Assurance

- Prepare technical specifications and maintain comprehensive documentation.
- Conduct unit and integration testing to ensure compliance with quality standards.

Your profile

Required Qualifications:

- Bachelor's degree in computer science, Information Technology, or related field
- 3+ years of experience in **SAP PO/PI** interface development and configuration
- Proven experience with **SAP Integration Suite** (especially Cloud Integration and API Management)
- Strong understanding of integration protocols (SOAP, REST, IDoc, RFC, SFTP, JDBC)
- Experience with XML, XSLT, JSON, and Groovy scripting
- Familiarity with SAP BTP and cloud-based integration architecture
- Excellent problem-solving and communication skills
- Fluent in English

Preferred Skills:

- Experience with DevOps tools and CI/CD pipelines for integration deployment
- Knowledge of SAP Event Mesh and Business Rules
- Exposure to Agile methodologies and tools (e.g., Jira, Confluence)
- Certification in SAP Integration Suite or SAP PO is a plus.
