

# Controls Engineer

## Vos activités

We're looking for a motivated team member who is eager to grow, learn, and make an impact. This role is a great opportunity for someone ready to take the next step in their career and apply their existing skills in new ways. We value curiosity, adaptability, and a strong desire to continue developing professionally. If you're passionate about learning and contributing to a collaborative environment, we'd love to hear from you.

In this role, you will support our manufacturing operations. This role will assist in programming, troubleshooting, and maintaining control systems and drive technologies under the guidance of senior engineers. The ideal candidate has foundational knowledge of Allen-Bradley PLCs and a strong interest in industrial automation.

## HOW YOU MAKE AN IMPACT

- Assist in programming and configuring Allen-Bradley PLCs and HMIs for compounding equipment
- Support troubleshooting of control systems, drives, and instrumentation to reduce downtime.
- Help maintain documentation of control programs and wiring diagrams.
- Collaborate with senior engineers on equipment installations and process improvements.
- Learn and apply safety standards and company policies in all tasks.
- Assist with capital spending projects and implementations
- Work with cross-functional teams for continuous improvement projects
- Support and train maintenance technicians
- Support TPOC, Gemba and 5S programs

## Votre profil

### WHAT YOU BRING TO THE ROLE

- Bachelor's degree in electrical engineering, automation, or mechatronics, or related engineering field
- Internship experience within manufacturing engineering
- Working knowledge of electrical schematics and industrial networks
- Knowledge of PLCs
- Strong willingness to learn and grow in a fast-paced manufacturing environment
- Knowledge of industrial safety standards
- Good communication and teamwork skills
- Willing to work on equipment and support the production and maintenance teams
- Demonstrated competency in basic use of hand tools, including multimeters
- Intermediate knowledge of the Microsoft Office suite
