

Senior Treasury Risk Manager ContiTech (m/f/diverse) - Interest Rate & FX - REF91642Z

Your tasks

As Senior Treasury Risk Manager, you will play a critical role in managing the group's interest rate and foreign exchange (FX) risks. This includes developing and implementing risk mitigation strategies, advising management on market developments, and ensuring compliance with regulatory and accounting standards. You will act as a trusted business partner to group companies and contribute to the continuous improvement of treasury processes and systems.

- Interest Rate and FX Risk Management
 - Responsibility for interest rate and FX risk, including strategy development and implementation of hedging measures
 - Provide management advice on macroeconomics, currency, interest rate, and commodity markets
 - Analyze markets, risk positions, and risk-reduction strategies for business units and group companies
 - Manage and further develop interest rate and FX risk management for the group and its subsidiaries, considering regulatory and tax implications
- Identify and manage interest rate and FX risks across the group
- Develop and implement FX hedging strategies for group exposure to reduce risks
- Monitor FX risk at the level of group companies
- Analyze financial markets and risk positions of the group and its subsidiaries
- Communicate with banks and counterparties regarding hedging strategies, instruments, and market developments
- Execute money market, FX, and interest rate transactions within the group to manage FX risk
- Manage framework agreements with banks for derivative transactions
- Act as an active business partner for group companies
- Integrate banks into trading platforms and the TMS, and update standing instructions
- Support month-end and year-end closing activities with a focus on hedge accounting under IFRS for FX and interest rate derivatives
- Contribute to treasury, finance, or cross-functional projects
