

Regional Specialist IT Interfaces

담당 업무

We are seeking a detail-oriented and analytical Regional Specialist IT Interfaces to join our team in Otrokovice, Czechia.

- Member of an international team located across various regions (AMERICA, EMEA, APAC)
- Implementation/integration of machines for big data collection and analysis
- Participation in both small and large projects focused on the digitalization of machinery and their processes (IIoT and Cloud - edge computing technologies, Kubernetes Cluster (K8s))
- Specification and documentation of the required hardware to equip machines so they provide accurate data for manufacturing information systems
- Support in spreading essential know-how across production plants
- Consultant in the area of IT interfaces for Continental plants worldwide
- Project management in the field of IT interfaces
- Collaboration with all involved technical departments
- Travel according to planned projects

지원자 프로필

- University degree in a technical field
- Minimum 3 years of experience in industrial automation within a manufacturing plant
- Project management skills
- Knowledge of Step7, TwinCAT, and IPC management
- Proficiency in programming languages (C++, C#, and Python)
- Logical and analytical thinking, flexibility, proactive approach, independence
- Willingness to travel (approximately 30% of the time)
- English language proficiency at least at B1 level (the position requires daily communication in English, both spoken and written)

채우 조건

- Subsidized meals covering up to 70% of the total price of a hot meal
- Monthly contribution of CZK 2,000 to pension insurance
- Discounted tire purchases with savings of up to 60%
- Cafeteria budget of CZK 4,000
- 25 days of vacation
- Contribution to children's recreational activities
- Flexible working hours and the possibility of home office
- Innovative atmosphere with an open-door culture
- Dynamic tasks with international interfaces

기업 소개

Continental is a technology company that develops pioneering solutions for sustainable and connected mobility.

Founded in 1871, Continental offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, transport, and logistics. With sales of €39.4 billion in 2022 and around 200,000 employees in 57 countries and markets, we are a global leader in mobility innovation.

Our Tires business area provides a premium portfolio for passenger cars, trucks, buses, two-wheelers, and specialty vehicles. We deliver cutting-edge tire technologies, complemented by smart products and services that support sustainability. For tire dealers and fleet managers, we offer digital tire monitoring and management systems that help ensure fleet mobility and efficiency. Through our tire innovations, Continental contributes significantly to safe, efficient, and environmentally friendly mobility.
