

Senior SAP SD Consultant

Vos activités

We are seeking a Senior IT Consultant specializing in SAP SD (Sales and Distribution) to join our dynamic team in San Luis Potosi, Mexico. As a key member of our global SAP team, you will leverage your extensive SAP expertise to deliver high-quality solutions to our clients, optimizing their sales and distribution processes.

- Lead SAP SD module implementations, upgrades, and enhancements
- Analyze business processes and design innovative solutions using SAP SD functionality
- Configure and customize SAP SD module to meet specific requirements
- Develop and execute test plans to ensure system quality and performance
- Provide expert guidance on SAP SD best practices and industry standards
- Collaborate with cross-functional teams to integrate SD with other SAP modules and other systems (eg Salesforce)
- Conduct knowledge transfer sessions and train teams on SAP SD functionality

Votre profil

- Bachelor's degree in Computer Science, Information Technology, or a related field
- 5 years of experience in SAP SD , including full lifecycle implementations
- Fluent level of english is required.
- In-depth knowledge of SAP R3 and SAP S4 systems, with a focus on the SD module
- Good knowledge on ABAP and trouble shooting
- Strong understanding of sales and distribution processes and supply chain management
- Proven track record in business process analysis and optimization
- Good project management skills with the ability to handle multiple projects simultaneously
- Superior problem-solving abilities and attention to detail
- Outstanding communication skills, both written and verbal
- SAP SD Certification will be a strong plus.

A propos de nous

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, traffic and transportation. In 2023, Continental generated sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

Guided by the vision of being the customer's first choice for material-driven solutions, the ContiTech group sector focuses on development competence and material expertise for products and systems made of rubber, plastics, metal, and fabrics. These can also be equipped with electronic components in order to optimize them functionally for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction, and surfaces. In addition, ContiTech serves the automotive and transportation industries as well as rail transport.

Wir sind startbereit für dich!
