

[Internship] - IT Mobile Developer

หน้าที่ความรับผิดชอบในงานของคุณ

We are looking for a passionate and motivated Mobile Developer Intern to join our development team. As a Mobile Developer intern, you will assist in designing, developing, and maintaining high-quality mobile applications for Android and iOS platforms using Flutter and Dart. You will gain hands-on experience in Mobile App development, testing, and cross-functional collaboration with team members across multiple countries.

Responsibilities:

- **Feature Development:** Assist in developing and implementing new features, custom widgets, and responsive user interfaces (UI) using the Flutter framework.
- **Code Quality:** Write clean, well-structured, and maintainable Dart code following established coding standards and best practices.
- **API Integration:** Work with senior developers to integrate the front-end application with backend services via RESTful APIs.
- **Debugging:** Actively participate in the debugging and testing processes to identify and resolve application defects and performance issues.
- **Documentation:** Contribute to technical documentation, including feature specifications, internal knowledge base articles, and development notes.
- **Version Control:** Utilize Git and platform tools proficiently for code management, branching, and collaboration.
- **Agile Participation:** Attend daily stand-ups and sprint planning meetings to understand project goals and report on progress.

โปรไฟล์ของคุณ

- Currently pursuing a degree in Computer Science, Information Technology, Business, or a related field.
- Understanding about Mobile development.
- Basic understanding of Flutter and Dart programming language is preferred.
- Basic Understanding of API integration, JSON, and Firebase is preferred.
- Strong problem-solving and debugging skills.
- Good communication and teamwork abilities.
